REUSABLE COVERALLS (BODY PROTECTION)

Reusable coveralls designed for reliable body protection, offering comfort, durability, and ease of movement. Suitable for industrial, medical, and controlled work environments.

SURGICAL/ISOLATION GOWNS (MEDICAL WEAR)

Surgical and isolation gowns designed to provide effective barrier protection with breathable comfort. Suitable for hospitals, clinics, and healthcare facilities.

LAB COATS (MEDICAL WEAR)

Lab coats designed for professional protection and clean appearance, offering comfort, durability, and easy maintenance for medical and laboratory use.

SCRUBS (MEDICAL WEAR)

Scrubs designed for all-day comfort and functionality, featuring breathable fabrics and practical fit for healthcare professionals.

HEAD CAPS (HEAD PROTECTION)

Head caps designed for hygienic coverage and comfort, suitable for medical, food processing, and controlled environments.

SHOES COVERS (FOOT PROTECTION)

Fabric shoe covers designed for hygienic foot protection, offering comfort and secure fit for medical and clean environments.

SLEEVE COVERS (ARM PROTECTION)

Sleeve covers designed to protect arms from contamination and spills while allowing comfortable movement during work.

HIGH VISIBILITY VESTS (SAFETY)

High-visibility vests designed to enhance worker visibility and safety, suitable for construction, logistics, and industrial environments.

NITRILE GLOVES (HAND PROTECTION)

Nitrile gloves designed for strong barrier protection, comfort, and chemical resistance. Suitable for medical, industrial, and food-handling use.

LEATHER GLOVES (HAND PROTECTION)

Leather gloves designed for reliable hand protection, offering durability, grip, and comfort for industrial, construction, and general safety applications.

VINYLE GLOVES (HAND PROTECTION)

Vinyl gloves designed for economical hand protection, providing comfort and ease of use for low-risk and short-duration tasks.

SURGICAL MASKS (RESPIRATORY)

Surgical masks designed for basic respiratory protection, offering breathability and comfort for medical and hygiene environments.

SAFETY GOGGLES (EYE PROTECTION)

Safety goggles designed to protect eyes from splashes, dust, and particles while ensuring clear vision and comfortable fit.

SAFETY HELMETS (HEAD PROTECTION)

Face shields providing full-face coverage for added protection against splashes, droplets, and impact hazards.

SAFETY SHOES (FOOT PROTECTION)

Safety shoes designed for comfort, durability, and foot protection, suitable for industrial and workplace use.

SAFETY BOOTS (FOOT PROTECTION)

Safety boots offering enhanced ankle support, protection, and durability for demanding work environments.

FACE SHIELDS (FACE PROTECTION)

Face shields providing full-face coverage for added protection against splashes, droplets, and impact hazards.

EAR PLUGS (HEARING PROTECTION)

Ear plugs designed to reduce noise exposure while providing lightweight comfort for industrial and worksite use.

EAR MUFFS (HEARING PROTECTION)

Ear muffs providing effective noise reduction with cushioned comfort for extended wear in high-noise environments.

DISPOSABLE APRONS (BODY PROTECTION)

Disposable polyethylene aprons designed to protect clothing from spills and contamination in medical and food-handling environments.
